On behalf of Mothers Against Drunk Driving, I would like to extend our sincere appreciation to you and your station for participating in our 1990 National Media Awards Program. We at MADD are keenly aware that broadcasters have the ability to reach thousands of America's youth with a "safe and sober celebration" message. This program gave us a perfect opportunity to recognize your industry's efforts in this regard.

The MADD National Office received many fine examples of broadcast excellence in promoting a safe and sober commencement season for America's young people. We feel that all who entered were winners. However, our judges were only able to select one winner per division. The following organizations were chosen:

.KRDO-TV
Colorado Springs, CO
(Television Division)

.WYNZ-AM/FM
Portland, ME
(Radio Division)

.Arizona Broadcasters Association
(State Association)

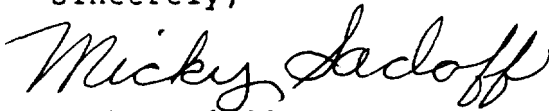

Ms. Guzman

We hope that you will continue your very important and lifesaving work. Community-based collaborative efforts involving the media, MADD groups, schools, parents, local businesses and many others to spread the "celebrate sober" message is making a difference. In fact, the most dramatic decrease in alcohol-related traffic fatalities between 1982 and 1989 was in the 15-19 year old age group. This represents a 33 percent reduction in teen deaths.

We are looking forward to our 1991 Operation Prom/Graduation Media Awards Program. We encourage you to keep up the good work and look forward to your participating in this national recognition program again next year.

Sincerely,

Dear Lily:

Thank you for participating in our Summer Youth Guest Speakers' Program. Your presence and comments to the students involved in this program at Hispanic Unity of Florida, Inc., had great impact since they recognized you as an authority in your field of work.

Your insight, sharing of personal experiences, and caring attitude clearly indicated that you have a deep understanding of the needs of these students and in particular of our Hispanic youth. Each of the participants in this BETA-approved program have told me how much they enjoyed your remarks and what they learned from them. Your presence also gave these students an opportunity to demonstrate their skills and leadership abilities. Some of them would never have had this experience had you not been willing to help.

I know that you enjoyed the day and received a sense of satisfaction from observing the pleasure and the learning that the students derived from your visit.

Again, on behalf of the youth participants, we thank you for your generous donation of time and talent.

Sincerely,

Dearest Lily,

Thank you for sending the videotape of the segments you did on ending hunger. When I first saw it, I had to cry. The editing and voice-over was so beautifully done. It really represents hungry people with such dignity and honor. We will use this video to show students the impact of the hunger situation.

Thank you for this opportunity for The Hunger Project to speak on behalf of hungry people. I certainly could not have done a better job of your portrayal of the work to be done.

I look forward to working with you again in the near future.

Dear Ms. Guzman:

On behalf of the Friends of Literacy through Libraries and the READ CAMPAIGN of Broward County Library-in-Action, we would like to thank you for the production and broadcasting of the literacy promotional segments.

In less than a week, these spots turned the usually quiet holiday season into a non-stop registration period. The number of potential students and tutors is nearly five times the average for this time of the year.

The staff and volunteers of our literacy program greatly appreciate the work of Jerry Newcombe and the rest of WYHS in helping to increase awareness of illiteracy and call attention to the solutions to this social problem.

Maybe we can work together in the future on an updated series with discernible decreases in the statistics we present.

Thank you again for your assistance.

Sincerely yours,

Dear Lily,

Your kind letter and enclosure of the tape was a wonderful way to start the week! I loved it, and I feel Lynn Whitehead did a wonderful job.

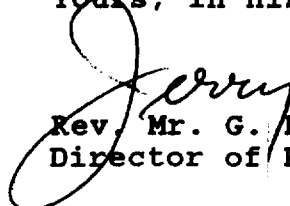

Regarding your invitation to send along possible ideas for more service information for the public, I am attaching an informal listing of the services that the Archdiocese of Miami provides in Broward County through its' two agencies, Catholic Community Services and Catholic Health and Rehabilitation Services. I feel there are many stories contained therein, that Lynn and I might put together.

I have grouped the services by age classification. You can see that much is being done for other groups than the elderly.

May I phone you to see what your interest may be? You know, of course, that you can reach me at the office at any time.

God bless you and your important work.

Yours, in His Name,

Rev. Mr. G. F. Humphreys

Dear Ms. Guzman:

Thanks so much for the copy of segments you taped on Hospice Care. It will be so nice to use for our volunteer training classes.

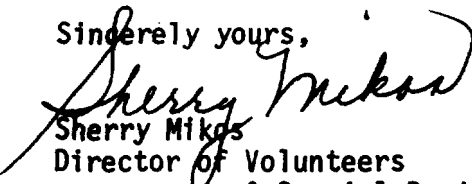

Pursuant to my conversation with Lynn Whitehead, I would like permission to splice some of the segments into a promotional film we will be making to be used at speaking engagements. I will, of course, be giving Channel 69 credit and would appreciate the correct wording if you should agree.

By way of this letter, you may sign the bottom and we will use this as a release and retain for our records.

The people who've seen the segments have expressed to our staff very positive reactions and how informative they thought the coverage was. Lynn did a great job and was such a pleasure to work with.

Again, thank you for choosing Hospice Care and I'll await the return of this letter.

Watch Channel 69 for the Home Shopping Club & enjoy some of subjects you present in the public interest. However I do not enjoy listening to H. L. Bill Richardson.

He sounds like a paranoid war monger to me. While we may not have a completely buddy-buddy relationship with Russia, we have
